VENUE POLICIES

Parties should arrive 30 minutes prior to session time to allow time to sign in and go through safety briefing.

Please view our game options for minimum age requirements. Players must also reach a height of 4 feet 6 inches. Players that do not meet the age and height requirement will not be able to participate in the experience.

Players under 18 years will need a guardian to co-sign the liability waiver. If a guardian can not be present, you can pre-sign a liability waiver by downloading it from our website.

Players under the influence of alcohol or drugs will not be allowed to play. No exceptions.

Our experiences are not recommended for anyone with any heart conditions, epilepsy or similar seizure disorders, or who happen to be heavily pregnant. Players must also have full mobility to be able to participate.

Like other products that produce visual effects (including light flashes), the product may trigger epileptic seizures, seizures, fainting, or severe dizziness even in people who have no history of these conditions.

DRESS

To make your experience more enjoyable, we recommend that:

- Players wear comfortable clothing.
- Long hair should be tied in a low ponytail. The VR goggles need to comfortably sit atop your head.
- Players should refrain from heavy make-up and mascara as it could smudge the goggle lenses and obstruct the player's vision.
- Footwear must be worn during the experience. High heels as well as platform shoes should not be worn. As this is an active experience, we recommend closed-toe shoes.
- We strongly recommend wearing contact lenses for the experience, as our VR headsets will not fit glasses with large frames due to the limited space between the eyes and the VR lenses
